

Centennial Sense Worksheet

Name: _____

Date: _____

Part I

Define the following terms.

Bi: _____

Centennial: _____

Bicentennial _____

Use today's date to answer the following questions.

What year did the last centennial celebration occur? _____

What year did the last bicentennial celebration occur? _____

When is the next centennial celebration? _____

When is the next bicentennial celebration? _____

Feebie is a student at Centsville Elementary School. Feebie is researching different bicentennial celebrations for a class project and comes across an old newspaper article about the town of Centsville. Centsville residents had a picnic and parade on September 27, 1988 in honor of Centsville's bicentennial, which celebrated the date the town was founded. The Mayor of Centsville announced that September 27th would become a town holiday and would be celebrated each year after. Use today's date and the information above to answer the following questions.

What year was Centsville founded? _____

What year did Centsville's centennial celebration occur? _____

What year will Centsville's next bicentennial celebration take place? _____

Part II:

Using the example above and what you have learned about centennial and bicentennial celebrations, write your own word problem. When you have completed writing your word problem, see if your partner can solve it.
